CASE OF SUPPORT

Prepared by:
Olinca Reyes-Kirch,
Give to Africa, Director of
Marketing and Communications

Presented by:
Victoria Philips,
Give to Africa,
Chief Executive Officer

ABOUT US

Give to Africa is a California-based 501(c)(3) nonprofit dedicated to connecting donors with vetted, impactful African nonprofits. We operate as a bridge between global generosity and local leadership, offering services like fiscal sponsorship, regranting, crowdfunding, and digital training. Our team is composed of individuals who understand the African context deeply, and we use AI-powered tools and storytelling to amplify the voices of those on the frontlines. We believe in giving not for Africa, but to Africa—directly and joyfully.

OUR HISTORY

Give to Africa was founded in response to a critical gap in global philanthropy: the lack of direct support for African-led grassroots organizations. While international aid often bypasses local leaders, Give to Africa emerged to change that narrative. Rooted in the belief that those closest to the challenges are also closest to the solutions, the organization was created by African and diaspora leaders to build a more just and effective giving ecosystem. Since its inception, Give to Africa has focused on empowering local changemakers through trust, technology, and transparency.

OUR MISSION

Is to restore dignity through giving by channeling resources directly to African-led organizations that are transforming lives. We aim to dismantle the inefficiencies and injustices of traditional aid by empowering local leaders with the tools, funding, and visibility they need to thrive. Through our platform, we make it easy for donors to support causes they care about while ensuring that every dollar goes where it's needed most.

OUR CORE SERVICES

- 01.** **Fiscal Sponsorship:** We help African NGOs receive U.S. tax-deductible donations and access global grant opportunities.
- 02.** **Regranting:** We channel pooled donor funds to vetted, impactful African-led organizations.
- 03.** **Crowdfunding:** Through our platform, individuals can give directly to urgent causes in a secure, joyful way.
- 04.** **Training & Digital Support:** We provide monthly coaching, training, and AI tools to empower local organizations.
- 05.** **Program Sponsorship:** We match donors and companies with vetted programs aligned to their CSR priorities.

OUR VALUE

At the heart of Give to Africa are values of equity, trust, proximity, and transparency. We believe in shifting power to those who live and lead in the communities they serve. We value local knowledge, celebrate resilience, and prioritize dignity in every aspect of our work. Our approach is rooted in partnership—not charity—and we strive to make giving a trusted, joyful, and impactful experience for all.

THE FRONTLINE FUND

The Frontline Fund—a bold campaign aiming to raise \$250,000 in direct support for 200+ African-led grassroots NGOs whose funding has been slashed due to global aid shifts. These organizations operate in critical areas such as public health, climate resilience, girls' education, food security, and gender-based violence prevention, often without international sponsors or media visibility.

With these funds, we will build multilingual onboarding systems for 100 new nonprofits, deliver emergency grants to NGOs at risk of closure, and provide monthly digital fundraising and donor communication training to frontline leaders. Every dollar regranted bypasses bureaucracy and goes straight to the changemakers closest to the challenges. This initiative is not just about aid—it's about equity, efficiency, and trust. By supporting The Frontline Fund, you help restore dignity through giving and ensure that local solutions continue to thrive.
